Vision

Madain Saleh the place worldwide

Madain Saleh site

located in the northwest of Saudi Arabia, Attached and Follow the administrative province of Al Ula, Population there Of almost 65000 There are several civilizations lived in the same place ,There are a lot of evidence Indicates the presence of Settlement of human beings Back to the prehistoric. Also there are many civilizations lived there, such like Thamud and Ma>enen Kingdom and Leyhyan Kingdom and Nabataeans Kingdom and Romans, after them a civilization of Islam came. Madain Saleh is one of the precious treasures That Saudi Arabia has today. The place Continued and still maintaining without changing on the original identity until thus day. There are lots of archaeological sites in the region. Such as the old town, Almabiat town which is still buried under the sand, Hijaz Railway that is a remnant of the Ottoman Empire, Until we reach this day to modern Alula This city whose portfolio of its authenticity The nature of the area is characterized by natural beauty Nadermn sands and valleys and wonderful rock formations Ocjarma configuration formed in the whole of the painting are rare Pristine beauty of nature, consisting of sand, rocks and valleys With a strange rock shapes All this combined Made a painting rare.

Plan:

It is a project integrated media, begins with the collection of information on sites significance ahistorical and archaeological and documented it by images and written information. We have print 4 directories about place ,also we have plan to add other directories in future, then we are organizing photos gallery consists about 99 images Taken by me and selected carefully, all of these photos will tell us story of this great place, beginning and stating from prehistoric times to this day. We will see remnants of stone ages, then kingdom of Thamud, civilization of Nabataeans and Romans until we get Islamic state by Hijaz railway and remnants of Ottman Empire until we reach to new city. There is a lot of information which will support our images, we also did not forget show beauty nature and desert trees and golden sand dunes, forma and shapes of strange mountains> have been designing 6 different map for historical sites and old town , modern city. The project also includes website contains 1000 photos and more than 100 pages for who wish more information.

The start:

Starting will be from Riyadh Saudi capital, by Cooperate with some cultural centers, and some embassies, International hotels, then we will go around the world. so that we Search for supporters interested to help us to complete our project.
